

## Notice and Demand to Act

\_\_\_\_\_ 2021

\_\_\_\_\_ School District

[Title] \_\_\_\_\_

Address \_\_\_\_\_

City, State, Zip \_\_\_\_\_

Dear \_\_\_\_\_, I hereby give you no consent to force my offspring to participate in your experiment. You have no lawful authority to force them to wear a mask which causes irreparable harm and is extremely detrimental to a child's physical, mental, developmental, learning, and educational health.

Long term use of Face masks have no basis in any proven medical research and blocks the flow of oxygen resulting in low oxygen levels, increased carbon dioxide levels and anxiety attacks. It is a well-established fact supported by evidence that mask wearing is a main cause that contributes to hypoxia, hypoxemia, and hypercapnia.

It is by this declaration that establishes my rights over my offspring that I hold all public servants accountable in their private and official capacity, to their violations of their Oath of Office and harm and injury caused by their unlawful acts.

Upon proof of claim you must provide access to your claims and evidence of jurisdiction from which you may display any and all claims of redress and you have yet to respond by way of sworn affidavit. My biological property will continue to demonstrate their Constitutionally protected rights as required by well-established law and the U.S. Constitution.

At 99.9% survival rate, Covid is **NOT** a pandemic. To qualify it must affect a substantial **PERCENTAGE** of the population. To serve as evidence of your awareness, I am attaching truth, fact, and law that an actual pandemic has ever existed, through documentation from Dr. Paul M. Willette and Dr. Paulette Niewczyk, MPH, PhD. They are available to discuss the Covid pandemic deception upon delivery of this Notice and Demand to Act, as well as the Mass Tort claim, which was filed against 42 corrupt governors, Bill Gates, The CDC and Fauci. If you have any questions, contact Rick Martin of the Constitutional Law Group. dont.tread.on.me@snakebite.com (361) 342-7760. (See Resources tab for these documents)
